Diwen Chen

Programmer & Game Developer

Highly motivated Computer Science & Interactive Media student studying software development and game programming. Passionate about creating useful web applications and truly fun digital games. Looking forward to acquire more skills and create meaningful software and games.

Relevant Experience:

Software Development

- Improved the image distribution system for an overseas non-profit organization.
- Developed a student-faculty project post app using Python and SQLAlchemy.
- Completed countless course programming projects of essential concepts.

Game Development

- Developed a 3D skateboarding simulator using the Unreal engine.
- Designed a real life party card game focused on the art of simple fun.
- Participated in numerous games jams of the IGDA.

Education:

Bachelor of Science: Computer Science

Bachelor of Science: Interactive Media and Game Development

Worcester Polytechnic Institute, Worcester, MA

Expected Graduation: May 2027

GPA: 3.9/4.0

Work History:

Mayor's Youth Summer Employment Program, Malden, MA

July 2022 - August 2022

- Promoted local businesses to thrive post-Covid.
- Assisted in summer festivals that boosted city commercial activities.
- Organized school supplies donations to be delivered to hundreds of families.
